# BECOME A MEMBER OF THE ISIS FOUNDATION (AUSTRALIA)

---

## OVERVIEW OF THE ISIS FOUNDATION

The ISIS Foundation, 'ISIS', is an international development organisation working with communities and local partners to promote the wellbeing of children and families in Uganda and Nepal. The ISIS Foundation (Australia), 'TIF A', is the core support hub of the Foundation worldwide and is supported by the ISIS business which was established to fund core support costs for The ISIS Foundation. To date, the ISIS business has funded AU\$7 million to ISIS, with an additional US\$10 million donated by other donors. This means that 100% of the support from other donors goes entirely to ISIS projects and project related costs.

ISIS focuses on health and education programmes developed in partnership with local Nepali and Ugandan organisations in order to maximise the impact within the community. ISIS works in Nepal, in both Kathmandu and Humla, a highly disadvantaged district in the North West. In Uganda, the main focus is in the Luwero region, a rural area north of the capital.

ISIS projects span a wide range of solutions towards making a positive difference in the lives of children. ISIS is a leader in providing sustainable technologies to remote villages at high altitudes in Humla, developing a NICU (neonatal intensive care unit) and maternity ward in rural Africa, and in supporting orphaned or war displaced children in both Uganda and Nepal.

ISIS projects are based on the following underlying principles: we listen to and support local communities and teams; all our projects must involve input from local people; every project is assessed to ensure that they do in fact meet community needs and create an impact. Together the ISIS Group has provided support to over 11,000 people per year, reaching out to over 100,000 people in its 13 years of operation.
